LAVENDER NEWS**

Winter Comforts...

Winter at Warratina Lavender Farm
is generally a more quiet time of
year however there is still lots to
see and do when you visit including
having a hot lunch in our café.

We have been busy with general
garden maintenance, slashing of
lavender rows, and constant weed
control. All lavenders have been
pruned and are now in their
dormancy phase. The display
gardens have all been cut, fertilised,
and mulch applied ready for spring.

Pop in for a delicious meal and see
our newly released gift range!

I hope to see you soon!

Cleaning with Lavender

Many commercial household products now contain lavender. This lovely floral scent evokes calm and soothing effect, and has both anti-viral and anti-bacterial properties that will complement any natural cleaning formula.

There are numerous ways that you can simply and cost effectively make your own safe house-hold cleaners using (amongst other essential oils) lavender.

Homemade house-hold cleaners made with natural ingredients are extremely effective, safe and very affordable.

It's worth researching into some cleaning 'recipes' online or in essential oils text books. Here's a sample to start you with having a naturally clean home!

Lavender & Tea Tree Spray Cleaner

- 1 t. borax
- 2 T. white vinegar
- 2 c. hot water
- 1/4 t. Lavender essential oil
- 3 drops Tea Tree essential oil

Mix all ingredients together and stir until dry ingredients dissolve. Pour into spray bottle for long-term storage.
