MAKE YOUR OWN Lavender Wreath

Take 1 metre of medium gauge wire and bend into a circle. Bind the end with fine wire to hold together.

Bind together 5 dried lavender heads to make a small bundle, leaving 5cm stems. Make 35.

Starting at the top of the circle, bind on 2 bunches, facing in toward the circle. Continue down one side wiring each bunch to cover stems of proceeding bunch.

When you reach the bottom, go back to the top and continue in same manner until the other side is completed. Make a ribbon loop at the top for a hanger.
